Sathish B

Frontend Developer(React)

PROFESSIONAL SUMMARY

Dynamic frontend developer with expertise in React.js, Redux, and modern JavaScript frameworks. Adept at optimizing code for performance and enhancing user experience. Proficient in utilizing Generative AI and rapidly learning new tech stacks. Strong communicator with a collaborative spirit.

WORK EXPERIENCE

Gravity Loft Solutions

React JS Developer at Gravity Loft Solutions
May 2022-present

Job responsibilities:

- Developed and maintained responsive web applications using React, ensuring seamless cross-browser compatibility and optimal performance.
- Collaborated closely with design, product, and back-end teams to create functional and visually appealing user interfaces, integrating front-end components with back-end services.
- Optimized applications for performance and scalability, integrating third-party libraries and front-end components with REST APIs.
- Contributed to code reviews, maintained clean and well-documented code, and stayed up-to-date with the latest web development trends and best practices.

PROJECTS

1. NFT Ticketing

JavaScript | React | Redux | Git | RESTful APIs | HTML5 | CSS3

- Implemented secure login and signup pages
- Developed a user-friendly dashboard page
- Integrated complex user and event organizer workflows
- Handled intricate ticket booking processes
- Ensured cart functionality with strict time limits for better availability

2. Nextyn Expert Clouds

React | Redux | HTML5 | CSS3 | JavaScript | RESTful APIs | | Git

- Implemented a robust Algolia-powered search feature, ensuring quick and relevant results.
- Developed secure and user-friendly login and signup processes for enhancing user experience.
- Ensured all pages are responsive, providing an optimal viewing experience on various devices.
- Successfully integrated key pages for a cohesive application flow, including dashboard and expert profile pages.
- Collaborated closely with designers and backend developers to ensure seamless integration and functionality.
